General March Announced American
Losses in War as 236,117,
With 50,000 Dead

(By United Press.)

Washington, Nov. 23.—More than
50,000 American soldiers died dur-
ing the war. Nearly 180,000 wound-
ed. The total casualties were 236,
117.These figures were announced by
Chief of Staff March today.At the same time, March announ-
ced that the following divisions were
slated for an early return to the
United States: 31st., 34th., 38th.,
76th., 84th., 86th., 87th., line regi-
ments of the coast artillery and two
field artillery brigades, besides aero
squadrons from England.Gen. March has authorized Gen.
Pershing to send home such units as
are not needed for occupation, to
the extent of available transportation.
These units include railroad,
artillery, gas, tank and air services
and part of the divisions which have
been used for replacement.It was indicated today that thirty
American divisions—about 1,400,-
000 men—be retained in France to
constitute America's portion of the
associated nations forces of occupa-
tion in Germany. This would
leave about 700,000 for return to
the United States immediately.

Indiana Troops in 38th

Indianapolis, Ind., Nov. 23.—Indi-
ana troops in the 38th division will
be among the first to reach home
under the demobilization plans of
the war department announced by
Chief of Staff March today.The 38th., division was formed
at Camp Shelby, Hattiesburg, Miss.,
and contains many former Indiana
national guardsmen. The troops
went to Camp Shelby in August,
1917 and left for France in Octo-
ber of this year.

Landed in France Oct. 21

The 38th division, which is slated
for an early return to the United
States, according to the foregoing
dispatch from Washington, contains
the majority of the Rush county
boys who left here in August, 1917,
with Company B of the old Fourth
Indiana Infantry, for Camp Shelby
Miss., where the regiment was made
a part of the 139th. Field Artillery,
38th. division.According to advices received
here by relatives of local boys in
the unit, at least part of the 139th.
landed in France October 21 last,
after only a few days stay in Eng-
land, where they first landed.It was presumed here that the
38th. would not be sent home soon,
but that it would be moved up to
take the place of a division now in
the army of occupation, which has
seen active service on the west
front.

BURIED AT SEA.

Clinton, Ind., Nov. 23.—Oscar
Hunt of Perryville, a soldier, who
was on his way overseas in October,
died and was buried at sea, it was
learned in a cablegram which has
been received here. While on a fur-
lough he was married a second time.

RED CROSS RESPONDS

Paris, Nov. 23.—Released war
prisoners are pouring into Paris.
The American Red Cross, in the em-
ergency, is supplying clothing and
food for several thousand men.

Remain Indefinitely.

(By United Press.)

With the Americans Advancing
Toward the Rhine, Nov. 23.—The
Americans are facing the frontier
of Prussia across the Moselle. They
halted today on the west bank of the
river, where they remain for an
indefinite period.

British Approach Liege.

London, Nov. 23.—The last im-
portant city in Belgium to be re-
captured—Liege—is expected soon
to be in allied hands. The British
were last reported to be within less
than 20 miles of that place. They
have passed through Namur.RESIGNS POST AS
HEAD OF TREASURYSecretary McAdoo Also Gives up
Position as Director-General
of Railroads

ACCEPTED BY THE PRESIDENT

Washington, Nov. 23.—Giving
necessity for replenishing his per-
sonal fortune as reason, William G.
McAdoo has resigned as secretary
of the treasury and director-general
of railroads. His resignation has
been accepted by President Wilson.As secretary of the treasury Mr.
McAdoo will retire as soon as a
successor has been chosen and has
qualified: He will relinquish his
position as head of the government
controlled railroads January 1, un-
less a railroad has not then been
selected.The resignation of Mr. McAdoo,
which he, himself, announced at a
conference with newspaper corres-
pondents, late Friday, was entirely
unexpected in Washington. After
making the announcement, Mr. Mc-
Adoo made public his letter of re-
signation to the President, bearing
the date of November 14, and the
latter's letter of acceptance.Saying he had refused to consid-
er resigning while the country was
at war, Mr. McAdoo wrote the Pres-
ident that "the inadequate compensa-
tion allowed by law to cabinet
members, and the very burdensome
cost of living in Washington, have
so depleted my personal resources
that I am obliged to reckon with
the facts of the situation."

7 MORE CASES REPORTED

Reports Came in Yesterday After-
noon, None Being Received TodayNot a single case of the Spanish
influenza was reported in Rushville
this morning up until noon, but
three new cases in the city and four
outside of the city were reported
yesterday afternoon, bringing to-
day's total of cases during the epi-
demic up to 925.It is known that a few other new
cases have developed since yester-
day morning, but they have not yet
been reported to the city health
board. Health officials were en-
couraged over the situation today.

HEADED FOR HOME.

Liverpool, Nov. 23.—Several thou-
sand American soldiers, sailed for
home yesterday on the liners Lap-
land and Minnehaha. It was a stir-
ring scene as the men marched from
the railway station and local camps
to the landing stage amid the rous-
ing cheers from the throngs of peo-
ple along the streets.

TAKEN TO THE REFORMATORY

Charles Malott and Talberts Begin
Serving Sentences of 1 to 14 Years.Charles Malott and Clarence and
Frank Talbert were taken to the
Indiana state reformatory today to
begin serving sentences of one to
fourteen years for grand larceny,
which were imposed by Judge
Sparks September 5 and suspended
pending their good behavior. They
were first arrested for stealing an
automobile and their second arrest,
which resulted in the suspension of
sentence being revoked, was due to
the robbery of the Carthage hotel,
the theft of two bicycles and the
passing of a bogus \$10 bill, in all of
which crimes the three boys were
proved to have been implicated.
They were taken to the reformatory
by Sheriff Jones.URGES CO-OPERATION
IN FIGHTING "FLU"Governor Goodrich Issues Proclama-
tion Calling on Citizens to
Aid Officials.

WANTS LOCAL COMMITTEES

(By United Press.)

Indianapolis, Ind., Nov. 23.—Gov.
Goodrich in a proclamation today
urged that all relief organizations
and committees of citizens in Indi-
ana co-operate with health authori-
ties in fighting the epidemic.The proclamation was issued at
the request of the state board of
health which informed the governor
it was no longer possible for the
health authorities to combat the dis-
ease without aid.If funds are needed to fight the
disease, they will be appropriated
by the legislature, the governor stated.
It was suggested that local com-
mittees be formed in every city,
made of the mayor, chairman of the
Red Cross, the Chamber of Com-
merce and leading organizations of
citizens.RESTRICTIONS ON
BUILDING ARE OFFCounty Council of Defense An-
nounces Construction Projects
Are on Pre-War Basis

BUSINESS TO BE BENEFITED

Restrictions on construction pro-
jects of every kind and description
in Indiana have been removed, by
the federal war industries board at
Washington, according to a brief
statement from M. E. Foley, chair-
man of the state council of defense,
which was received here today by T.
M. Green, chairman of the county
council of defense.Several days ago, which was
shortly after the armistice had been
signed, the war industries board
modified the restrictions surround-
ing building to such an extent that
construction projects were not
greatly hindered, but today's order,
which becomes effective at once,
places all building on a pre-war
basis."Business ought to be substan-
tially benefited," says the state-
ment from Chairman Foley, "as a
result of this act on the part of the
government. Hereafter every class
of construction work in your county
may proceed without any permit
from any state or national body."

al assembly has fled and a provision-
al government has been estab-
lished by the captors.PLEGGED TO AID
IN NEW PROBLEMSCounty Teachers, in Annual Session
Here Today, Adopt Resolutions
Promising Best Efforts

NEW OFFICERS ARE ELECTED

Addresses Are Delivered by Pres.
Rigdon of Danville Normal and
Z. M. Smith of Purdue.Resolutions adopted at the an-
nual meeting of the Rush County
Teachers association today at the
Graham high school building pledges
the teachers to assist in after-war
problems; to give pupils their
very best efforts on account of the
time lost due to the epidemic; extend
greetings to teachers and pupils of
the county who are in their coun-
try's service, and placed the assoc-
iation on record as favoring the
creation of a position in the cabinet
for a secretary of education.Before the noon adjournment, the
resolutions were adopted without a
change as presented by the commit-
tee—Supt. J. H. Scholl and Miss
Georgia Morris of this city, and
Supt. Eugene Butler of Carthage,
and new officers were elected for
the coming year.W. E. Wagoner, principal of the
Milroy school, was elected presi-
dent, succeeding A. M. Taylor, local
high school principal; Mrs. Mar-
garet Morton, New Salem teacher,
was elected vice-president, and Miss
Edith Hogsett, teacher at the Webb
school in Rushville township, sec-
retary. John Moore of the Circleville
school was named treasurer.Supt. Scholl was elected chairman
of the executive committee, succee-
ding Mr. Wagoner and C. C. Updike,
Manilla principal, and Supt. Butler
were the other two members chosen.M. E. Foley, chairman of the
state council of defense, was to
make the principal address of the
session this afternoon, on the sub-
ject, "Indiana in the War," and
Jonathan Rigdon, president of the
Danville state normal school, was
also to speak.Pres. Rigdon also lectured this
morning, his subject, "The Attitude
of the Learner," being largely tech-
nical and dealing with matters of
interest to the teaching profession.
He made the three points, that the
attitude of the learner should be
open-minded, sympathetic and at-
tentive.Prof. Z. M. Smith of Purdue uni-
versity, member of the state board
of education and leader of club
work in the state, spoke this morn-
ing on the teaching of agriculture in
the schools, dwelling upon some of
the difficulties which would confront
the teachers.The resolutions adopted read as
follows:The teachers of Rush county
meeting in their annual session, set
forth the following declaration as
their view upon the following ques-
tions:—1.—A vote of thanks is hereby ex-
tended to the officers of the Assoc-
iation, the instructors, and to the
Rushville High School Girl's Glee
Club for their excellent work in
making this session profitable and
interesting to all. Also a vote of
thanks is extended to Miss Nettie
Clark and her pupils for the
Thanksgiving day exercise given be-
fore the association.2.—The teachers of Rush county
have taken an active part in all
kinds of work needed in settling up
the war claims and to the study
with the pupils the peace negotia-
tions as they are worked out by the
nations of the world which are seek-
ing to make this world a better
world for all mankind.3.—The teachers hereby place
themselves on record as favoring
the bill now before Congress of the
United States, which seeks to create
a cabinet position for a secretary of
education on a par with other na-
tionally important positions.

ROLL CALL WEEK DEC. 16-23

Dr. Arthur J. Francis, Who Was in
Europe, Will Give Illustrated
Lecture Friday EveningMinisters Asked to Help
Ministers of all churches in
Rush county are requested to
announce at their Sunday
morning services, the meeting
to be held in the Graham An-
nex auditorium Friday evening
November 29th at 7:30 o'clock
in the interests of the Rush
county chapter of the Red
Cross.The speaker will be Dr. Ar-
thur J. Francis who recently
returned from Europe where he
witnessed the works of the
American Red Cross in the
war zone. The address will be
illustrated with moving pic-
tures of actual war scenes.The executive board of the Rush
county chapter of the Red Cross,
elected at the annual meeting on last
Wednesday, met in the public library
Friday evening, for the purpose of
electing a chairman, and to make
arrangements for the county mem-
bership drive, during the week of
December 16-23.A. L. Gary was elected chairman
of the executive board and also
chairman of the membership drive,
detailed plans for which were dis-
cussed at the meeting. The quota
fixed by the National Red Cross for
the membership campaign this year
is sixty per cent of the population,
which will secure a total member-
ship in the United States of 60,000,-
000.The wonderful work of the Red
Cross at home and abroad, since the
beginning of the war, should insure
an increased membership in the or-
ganization. The membership of the
local chapter now equals about
forty-seven percent of the popula-
tion of the county. In some of the
townships seventy percent or more
belong to the Red Cross, while in
others it is as low as twenty per-
cent.In the Christmas membership
drive in December 1917, Rush county
was the second highest in the
state in point of membership in pro-
portion to the population, and in
the campaign this year, it is the
purpose of the officers of the chap-
ter, and those in charge of the
drive, to head the list of Indiana
counties, the goal set being seventy-
five percent of the population.At the meeting of the executive
board plans were made for the first
meeting in the interests of the De-
cember membership drive, which will
be held at the Graham Annex au-
ditorium at 7:30 o'clock, on Friday
evening November 29. The speaker
on that occasion will be Dr. Arthur
J. Francis, who has spent several
months in Europe and actually saw
what was accomplished by the
greatest of all relief organizations,
is coming here for the purpose of
arousing interest in the membership
campaign which will be conducted
during Roll Call week in December,
when the local chapter, expects to
enlist at least sixty percent of the
population of Rush county as mem-
bers.There will be no admittance
charge and no contribution will be
asked at the meeting.Motion pictures, in three reels,
will be used by Dr. Francis in help-
ing visitors visualize the Red Cross
message he delivers. Many of the
pictures were taken in France and
under fire, amid scenes Dr. Francis
himself has witnessed. Impressed

of the class of June 5, 1917 were
ordered to report for entrainment
and 216 of the number were accept-
ed at mobilization camps or canton-
ments, according to the exhaustive
statistical report prepared by the
county army selection board, which
also includes facts appertaining to
the registrants of June 5 and Au-
gust 24, 1918.A similar report is now being
compiled to cover the operations of
the selective draft law with respect
to the registrants of September 12
last, which has to be completed by
December 10, when the records on
the draft in Rush county will be
sealed, subject to further orders
from the governor of the state or
the provost marshal general.Whereas there were 1,471 regis-
trants on June 5, 1917, of which 1,-
446 were white and 25 colored, there
were only 147 registrants on June
5 and August 24. Of this number
38 were ordered to report for en-
trainment and only 33 were accept-
ed, the difference of five being the
number which were rejected by the
camp commanders as physically dis-
qualified. A total of 21 of the first
class of registrants were rejected at
camp.After the receipt yesterday of
rulings in 146 cases by the district
board yesterday, the local board be-
gan mailing out final classification
cards to registrants. All those be-
tween the ages of 19 and 36, inclu-
sive, and those who were 18 years of
age September 12, will receive final
classification cards, with the excep-
tion of class one men in the latter
group who have not been examined.

PERUNA

Made Me a Well Woman

No sufferer from catarrh of the stomach can read Mrs. Van Buren's letter without a feeling of thankfulness.

"I have spent a great deal of money with doctors for catarrh of the stomach and at times have been compelled to give up my housework for days. For years I did not know what a well day was and cannot help but feel that I would not be alive to-day had I not been induced to try Peruna. Six bottles of Peruna made me a well woman."

Farmers Lack Confidence in Government's Ability to Maintain Them and Glut Market

CAUSE OF LARGE HOG SUPPLY

County Agricultural Agent Says There Has Been Big Increase in Hog Production

"The large supply of hogs at the markets seems to be due largely to a lack of confidence in the government's ability to maintain the price," according to Marion Detrick, county agent. "There has been, of course, a large increase in the hog production in response to the government's request for more pork. The corn belt farmers have felt that though they could not all do military duty, they could 'go to the front' in the production of foodstuffs, and they made good. Now that the war is over, there is a tendency to relax. This coupled with the lack of confidence in the market and the large supply of hogs, has caused the congested condition in the market.

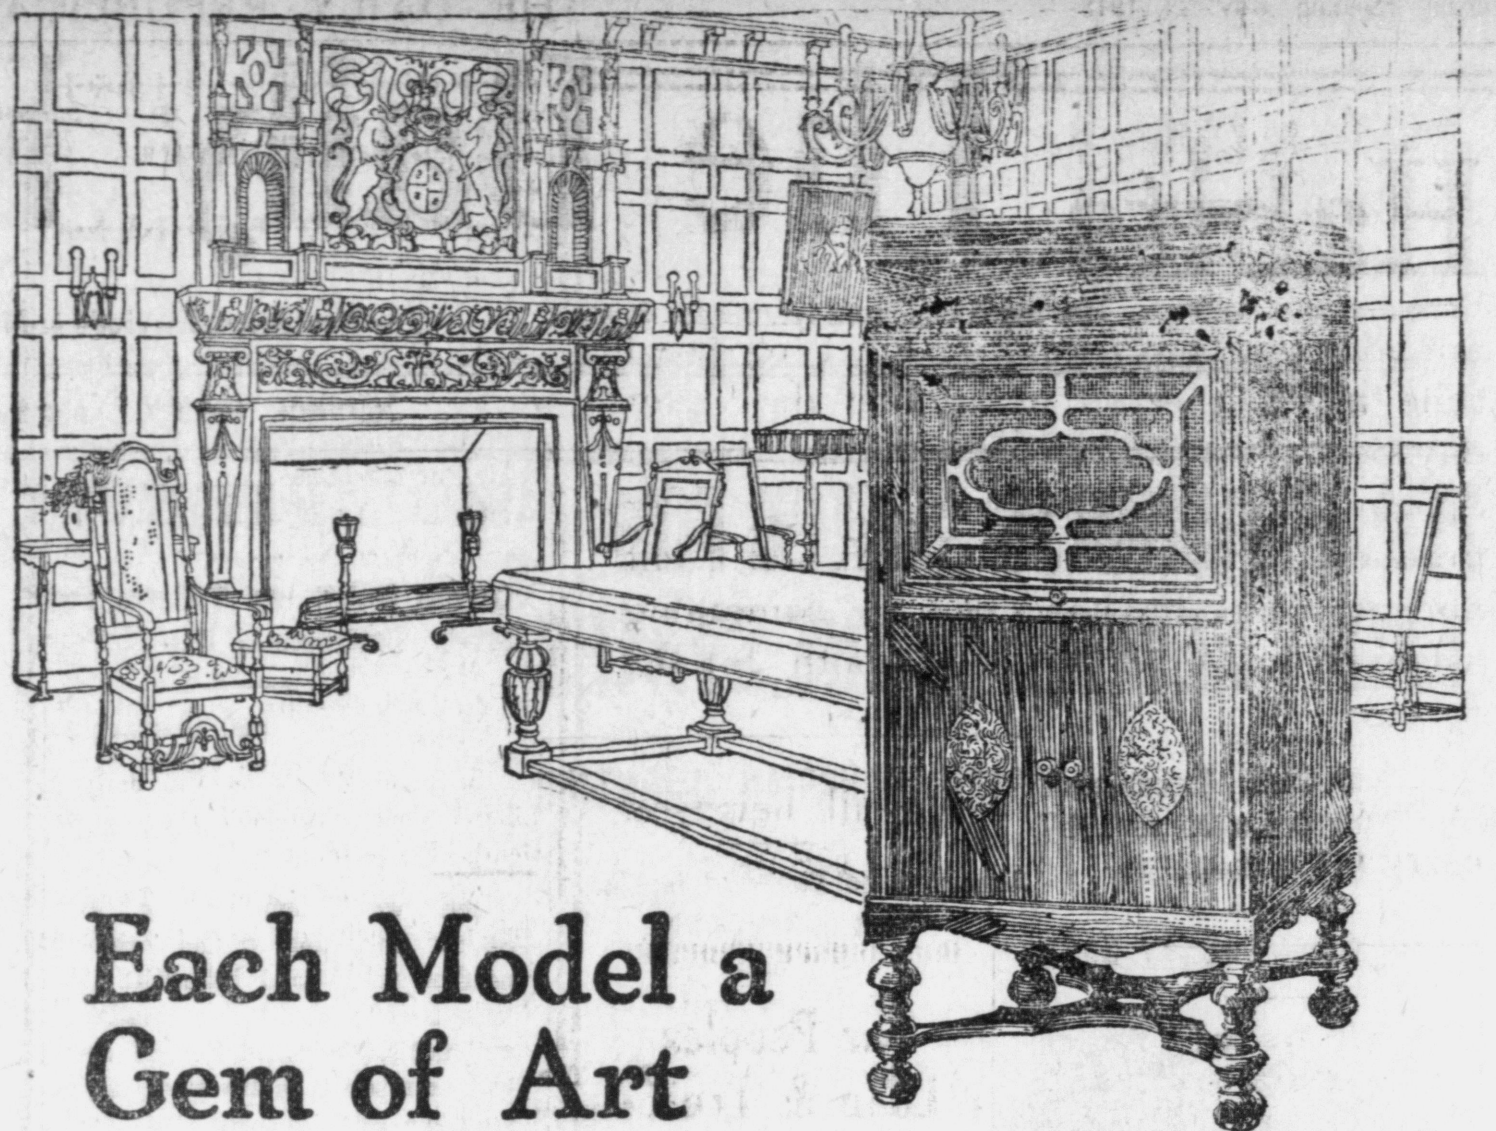

"Will the price be maintained? No one can say for sure; but this we know, if Hoover is properly informed, new markets have been opened by the close of the war.

"There will be wheat enough only by reasonable economy of consumption.

"There is a shortage of 3,000,000 tons of high protein dairy feed.

"Pork, dairy products and vegetable oils are three billion pounds short, but there will be sufficient sugar for normal consumption if other nations continue their present short rations.

"If this statement is correct, and it is the best source of information that we have, then there is a shortage of foodstuffs, and especially pork and fats, and pork prices are very likely to remain high. Hoover says: 'We will be in position to furnish a total of about 20,000,000

Mr. and Mrs. John Cooning have received word from their son, Edward, who left here with the sanitary detachment a year ago and was sent to Hattiesburg, Mississippi, with the 139th Field Artillery, has been seriously sick at a hospital in England, with the Spanish influenza, and is slowly recovering.

WILL BE TRIED MONDAY

Thomas Trowbridge of North Arthur street, who was arrested yesterday evening, will be tried Monday before Squire Newhouse on the charge of violating the closed season for trapping fur-bearing animals. He is accused of having caught polecats before November 20, when the season opened. The furs were found in his possession, it is said.

No Matter How Obstinate or How Contracted — Cured

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my office, 314 Traction Terminal Building, Indianapolis.

To Keep Wages High

The declaration by Samuel Gompers that organized labor will resist to the uttermost any attempt to reduce war-time wages or lengthen hours of labor is one that will be read with interest by all the people of the country, as also will any statement he has to make as to the means by which the present high wages and short hours are to be maintained. To the extent that maintenance of high standards of wages and of conditions of labor are possible, Mr. Gompers will have the cooperation of the Republicans of the country. The Republican party has always endeavored to maintain an economic policy which makes possible the payment of the highest wages, and the observance of the shortest hours, and we believe the records will show that in time of peace American labor has been better paid under Republican policies than under those imposed by the Democratic party. It is perhaps true that, on an average, hours of labor have been shortest under a Democratic administration, for in 1913-14 millions of American working men found their hours of labor cut to nothing at all.

If there is any better remedy for sickness than behaving yourself, I do not know what it is.

No matter which path you take—whether osteopath, homeopath or allopath—it leads but to the grave.

Having made his declaration regarding continued high wages and short hours, Mr. Gompers should explain specifically how he expects to secure and preserve a market for the product of high wages and short hours in competition with the product of low wages and long hours from Europe and Asia. Republicans hope to maintain the home market for American producers. They hope that we shall be able to sell our surplus in the markets we have gained during the war. We hope to accomplish this through a protective tariff which will build up our home production to such a high quantitative basis that our unit cost of production will be low, thus enabling us to sell the surplus in competition with all the rest of the world. That is a specific statement of the methods by which Republicans would maintain high wages and short hours for American labor. Now will Mr. Gompers state specifically his plan for enabling American labor to market its products in competition with the rest of the world, for we must have a market for our products or we can have no satisfactory standard of wages and conditions of labor."

To Fight Disease

Three members of President Wilson's cabinet, the secretary of the treasury, the secretary of war and the secretary of the navy have, since the declaration of an armistice, come forward with appeals to the American public to back up the fight for civil efficiency being conducted by Surgeon General Rupert Blue of the U. S. Public Health Service.

With the gradual reduction of activity on the part of the food and the fuel administrations, the committee on public information and other bureaus that were necessary to the conduct of the war, the U. S. public health service becomes one of the most important governmental activities remaining. This is especially true in face of the vast amount of work that is to be accomplished in preparing the country for the return home of America's vast army.

Secretary of the Treasury McAdoo has appealed to all civil authorities to help make their communities safe. Secretary of War Newton D. Baker has sent a telegram to

LIFE NOW WORTH LIVING

Illinois Lady Says Cardui Wrought Great Change in Her Health.

Paris, Ill.—Miss Lydia Arbogast, of this place, writes: "When I was 16 years old . . . I was small, very small for my age. I had a bad color—had the sick headache all the time. Just dragging through school . . . I didn't feel like going to school and my mother and I were worried about myself, for I felt I couldn't stand that condition longer. Hardly cared to live.

After taking a few bottles of Cardui, I saw a great change in my health . . . my color fine and I began to grow . . . I got well and strong. I was a different girl and have been ever since. I give Cardui all the praise, and had there not been a change in me when I first began Cardui, I couldn't have lived . . . The headache gradually disappeared as my health was built up and life became worth living."

the governors of all the states urging their co-operation and Secretary of the Navy, Josephus Daniels, gave out the following statement:

"One of the compensations for the tragedy of war is the fact that an enlightened opinion is behind the organized campaign to protect the youth against venereal disease. It is worse than cancer, more deadly than tuberculosis, more loathsome than cholera. The campaign begun in war to insure the military fitness of men in fighting is quite as necessary to save men for civil efficiency. The national government, under authority of Congress is undertaking this task in co-operation with the State authorities. The full co-operation and sympathetic working-together of local, state and federal agencies, backed by sound public sentiment, are needed in this holy campaign for that cleanness of living which alone insures clear thinking and physical excellence.

To Set Another Record

The foreign trade of the United States in the year which ends with next month, the calendar year 1918—seems likely to make another "high record". A compilation by The National City Bank of New York, estimating the trade of the full year based upon the figures thus far available puts the total imports at approximately \$3,100,000,000, and the total exports at approximately \$6,200,000,000, thus estimating the year's total trade at approximately 9,300,000,000 against \$9,185,000,000 in 1917 the former high record year. The excess of exports over imports will approximate \$3,000,000,000 and the aggregate excess of exports over imports for the 4½ years of war will exceed \$11,000,000,000 or more than that of the forty years preceding the war.

Washington, November 23.—Restrictions on the placing of new telephones and extension of existing telephone lines, which were limited on August 15 to such new appliances as would be helpful in the prosecution of the war, were withdrawn today by Postmaster-General Burleson.

Trained Nurse Tells of Treatment For Influenza.

Gentlemen:—For the benefit of thousands who are suffering with La Grippe or Influenza I feel it my duty to tell others about your wonderful remedy Hull's Superlative Compound. It was through this remedy that I became interested in medicine and nursing and 17 years ago entered the City Hospital at Indianapolis, Ind., from which I graduated and became a registered nurse of Indiana. I believe Hull's Superlative to be the most efficient all around Family Medicine on the market, as it has never failed in families to whom I have recommended it, to break up Colds, La Grippe, Tonsillitis, Influenza, Bilious fever, acute indigestion, and I find it also to be a splendid blood builder. Every family in the country now especially needs Hull's superlative for by having this remedy in the home and beginning to take it on the first symptoms of chills it will ward off the severest part of the disease. I received the best results for influenza by taking one-third teaspoonful every two hours for five doses, following with from 1 to 2 tablespoonful of castor oil or epsom salts, then continuing the medicine by taking from 6 to 10 drops 3 times a day. The patient goes into a heavy perspiration and should be kept under cover not allowing the draft to reach them, although plenty of fresh air in the room. I must say I never though I would relish the idea of having my name used for advertising but I feel it my duty in this crisis of the dreadful disease influenza, which is proving so fatal to so many, to recommend it to others for their help. Wish I could tell thousands of mothers of the merit of this wonderful medicine.

Yours very sincerely,

MRS. J. H. DIXON, R. N.
401 Middle St., Dayton, O.

Hull's Superlative is a root and bark remedy, rich in Peruvian Bark, fever breaker, Golden Seal the greatest known vegetable antiseptic and other ingredients as good as those mentioned. Hundreds testify to great good received. Be sure and keep it in the house. LaGrippe comes almost at once without warning. Then is when you need Hull's Superlative.

REPORTED MISSING

Wilbur Cross, formerly of Carthage, who enlisted with a machine gun company of the 26th. Infantry in Indianapolis, has been reported in a casualty list as missing in action. According to a telegram received by his brother, Clifford Cross of Knightstown, he was reported missing on October 3. Relatives, however, received a letter from him dated October 7, saying he was in a hospital.

15 EGGS A DAY FROM 23 HENS, IN WINTER

Winter, Until He Tried This Plan.

Mr. Duni's Hens Hadn't Laid All

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung last January in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that Don Sung pays for itself and pays you a good profit besides, simply tell us and your money will be refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger, and more active in any weather, and starts her laying.

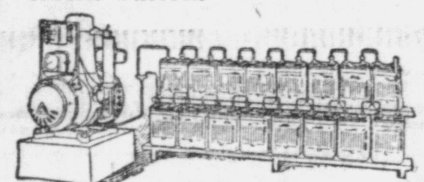

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be promptly refunded. Call at our store today for a 50c or \$1.00 package.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

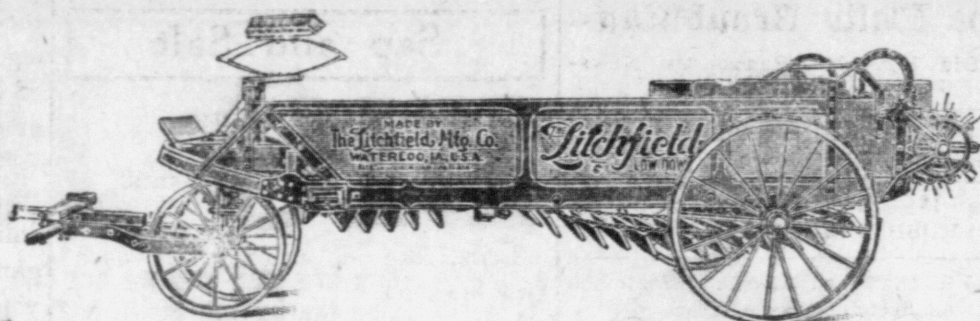

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place.

Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients.

They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). Always dependable.

30 and 60c jars; hospital size \$2.50.

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop, without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL Spreaders you will find on our sample floor. Come in and see it.

Batteries? Only One for Me

If you saw batteries every day as I do you'd say the same, and your choice—like mine—would be the Bone Dry Willard, with Threaded Rubber Insulation.

You'd know—as I do—that every Bone Dry Willard Battery is new when it's sold—ready to give full battery value.

We keep a complete stock of Bone Dry Batteries—every one as brand new as the day it left the factory. Not a one of them is ever filled or charged until it's made ready for use.

Read more about this remarkable battery in the booklet, "196,000 Little Threads." It's yours for the asking.

Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight—from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

Miss Frances Frazee was greatly surprised last evening when the members of the Epworth League cabinet and their families came for a pitch-in oyster stew. The guests for the occasion were Mr. and Mrs. J. F. Miller and their daughter Olive Marie, the Rev. and Mrs. Clyde S. Black, Mr. and Mrs. George Wiltse, Mr. and Mrs. Oscar Eden, Miss Marjorie Smith, Mrs. Norma Hogsett, Miss Alleine Budd and Ralph Plessinger. During the business meeting many plans were discussed and the members decided to send linens, canned goods or anything of use to the Methodist hospital on December 15. The next meeting will be held December 11 at the home of Miss Alleine Budd in North Harrison street.

A full attendance is desired of the members of the Ladies' Aid society of the St. Paul's M. E. church to sew at the Red Cross rooms Monday afternoon. The all day meeting, which was set for that day, has been postponed for two weeks.

Mrs. Charles Frazee entertained the members of the 500 club yesterday afternoon. A very enjoyable afternoon was spent over the tables.

The members of the Loyal Daughter's French class of the Christian church will meet Monday evening in the parlors of the church with Mrs. Albert Allen as the instructor.

Mrs. Albert Allen will entertain the S. E. T. club Tuesday afternoon.

At the home of Ervin Long, near Orange, last evening a surprise pitch-in-dinner was served. There were about thirty-five guests present, who spent the evening with music and in playing games.

Mr. and Mrs. Walter Frazee entertained last evening with a pitch-in dinner. The spacious rooms were beautifully adorned with chrysan-

themums and a basket made of a pumpkin and filled with fruit formed the centerpiece for the dining room table, where the dinner was served. Covers were laid for the following guests: Mr. and Mrs. John Morris and family, Mr. and Mrs. Frank Reynolds, Mr. and Mrs. J. H. Frazee, Mr. and Mrs. Ezra Hinkle and Miss Rue Whitton.

Amusements

Alice Joyce Here Tonight.

Alice Joyce will be shown in "The Highest Bidder," tonight at the Princess theatre, a story that will hold the audience spell-bound. An extra addition is Charles Murray in "Love Loops The Loop". Monday Alice Brady comes in a story of dance and song, of sorrow and tears, with an ending that thrills, "The Death Dance." William S. Heart is shown Tuesday in "Blue Blazes Rawden".

Chaplin at The Mystic

Charlie Chaplin will be at the Mystic theater tonight in "Work," a characteristic Chaplin comedy. There will also be another comic picture, "Tad's Swimming Hole," and a drama full of "pep," "Law and Order."

OLD-TIME COLD CURE—

DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM

STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

4.—On account of the time lost on account of the late epidemic the teachers of the county are willing to make extra efforts to give to the pupils of the schools the benefit of their very best efforts to the end that the pupils may not be seriously handicapped in their education.

5.—We wish to express to the family of Harry Mahin our sincerest sympathy. Mr. Mahin was a successful teacher of Rush county and was held in high regard by all who knew him. His entrance into the War Y. M. C. A. work was a sign of the patriotic principles of Mr. Mahin. His death at the Great Lakes Training Station cut short his endeavor to serve our soldier boys. But his earnestness while in the service no doubt will be felt in the life of many boys with whom he worked.

6.—We wish to send our greetings to all the teachers and pupils of the county who have entered the service of the army and navy of the United States in the war which has been brought to a successful close. We are proud of their service whether on battlefield or in army camp. When they return we shall greet them and honor them for their patriotic service.

TO SEEK FREEDOM OF SCHLESWIG-HOLSTEIN

President Wilson Will Make Demand at Peace Table, He Tells Americans of Danish Descent

MAY POSTPONE TRIP ABROAD

(By United Press.)
Washington, Nov. 23.—Freedom for Schleswig-Holstein, wrested from Denmark by Germany in 1866 will be one of the specific demands of President Wilson at the peace table. The president's position was outlined in a letter made public today, replying to a petition recently presented by American citizens of Danish descent.

"I can assure you that your appeal to America's sympathy and passion for justice, will not go unheeded for it founded itself wisely upon the right of men to rule themselves and to choose the manner in which self-rule shall be exercised," wrote the president.

"Not America alone, but all the peoples now quickened to a newer sense of the values of justice, must join in the relief of a grievance whose continuance would pervert the principles for which more than a score of nations are fighting."

There was some talk today about the possibility of the president giving up his trip to Europe as the result of Secretary McAdoo's resignation from the treasury and the railroad directorship.

38TH. DIVISION IS SLATED FOR EARLY RETURN TO THE STATES

Chief of Staff March Announces it
Among Other Organizations Not
to be Used in Occupation

CONTAINS RUSH COUNTY BOYS

Units of 139th Artillery, a Part of
The 38th., Landed in France
October 21

TOTAL CASUALTIES ARE GIVEN

General March Announced American
Losses in War as 236,117,
With 50,000 Dead

(By United Press.)

Washington, Nov. 23.—More than
50,000 American soldiers died dur-
ing the war. Nearly 180,000 wound-
ed. The total casualties were 236,
117.

These figures were announced by
Chief of Staff March today.

At the same time, March announ-
ced that the following divisions were
slated for an early return to the
United States: 31st., 34th., 38th.,
76th., 84th., 86th., 87th., line regi-
ments of the coast artillery and two
field artillery brigades, besides aero
squadrons from England.

Gen. March has authorized Gen.
Pershing to send home such units as
are not needed for occupation, to
the extent of available transporta-
tion. These units include railroad,
artillery, gas, tank and air services
and part of the divisions which have
been used for replacement.

It was indicated today that thirty
American divisions—about 1,400,
000 men—be retained in France to
constitute America's portion of the
associated nations forces of occupa-
tion in Germany. This would
leave about 700,000 for return to
the United States immediately.

Indiana Troops in 38th

Indianapolis, Ind., Nov. 23.—Indi-
ana troops in the 38th division will
be among the first to reach home
under the demobilization plans of
the war department announced by
Chief of Staff March today.

The 38th. division was formed
at Camp Shelby, Hattiesburg, Miss.,
and contains many former Indiana
national guardsmen. The troops
went to Camp Shelby in August,
1917 and left for France in Octo-
ber of this year.

Landed in France Oct. 21

The 38th division, which is slated
for an early return to the United
States, according to the foregoing
dispatch from Washington, contains
the majority of the Rush county
boys who left here in August, 1917,
with Company B of the old Fourth
Indiana Infantry, for Camp Shelby,
Miss., where the regiment was made
a part of the 139th. Field Artillery,
38th. division.

According to advices received
here by relatives of local boys in
the unit, at least part of the 139th.
landed in France October 21 last,
after only a few days stay in Eng-
land, where they first landed.

It was presumed here that the
38th. would not be sent home soon,
but that it would be moved up to
take the place of a division now in
the army of occupation, which has
seen active service on the west
front.

RESIGNS POST AS HEAD OF TREASURY

Secretary McAdoo Also Gives up
Position as Director-General
of Railroads

ACCEPTED BY THE PRESIDENT

Washington, Nov. 23.—Giving
necessity for replenishing his per-
sonal fortune as reason, William G.
McAdoo has resigned as secretary
of the treasury and director-general
of railroads. His resignation has
been accepted by President Wilson.

As secretary of the treasury Mr.
McAdoo will retire as soon as a
successor has been chosen and has
qualified. He will relinquish his
position as head of the government
controlled railroads January 1, un-
less a director has not then been
selected.

The resignation of Mr. McAdoo,
which he, himself, announced at a
conference with newspaper corres-
pondents, late Friday, was entirely
unexpected in Washington. After
making the announcement, Mr. Mc-
Adoo made public his letter of re-
signation to the President, bearing
the date of November 14, and the
latter's letter of acceptance.

Saying he had refused to consid-
er resigning while the country was
at war, Mr. McAdoo wrote the Pres-
ident that "the inadequate compen-
sation allowed by law to cabinet
members, and the very burdensome
cost of living in Washington, have
so depleted my personal resources
that I am obliged to reckon with
the facts of the situation."

7 MORE CASES REPORTED

Reports Came in Yesterday After-
noon, None Being Received Today

Not a single case of the Spanish
influenza was reported in Rushville
this morning up until noon, but
three new cases in the city and four
outside of the city were reported
yesterday afternoon, bringing to-
day's total of cases during the epi-
demic up to 925.

It is known that a few other new
cases have developed since yester-
day morning, but they have not yet
been reported to the city health
board. Health officials were en-
couraged over the situation today.

HEADED FOR HOME.

Liverpool, Nov. 23.—Several thou-
sand American soldiers sailed for
home yesterday on the liners Lap-
land and Minnehaha. It was a stir-
ring scene as the men marched from
the railway station and local camps
to the landing stage amid the ring-
ing cheers from the throngs of peo-
ple along the streets.

TAKEN TO THE REFORMATORY

Charles Malott and Talberts Begin
Serving Sentences of 1 to 14 Years.

Charles Malott and Clarence and
Frank Talbert were taken to the
Indiana state reformatory today to
begin serving sentences of one to
fourteen years for grand larceny,
which were imposed by Judge
Sparks September 5 and suspended
pending their good behavior. They
were first arrested for stealing an
automobile and their second arrest,
which resulted in the suspension of
sentence being revoked, was due to
the robbery of the Carthage hotel,
the theft of two bicycles and the
passing of a bogus \$10 bill, in all of
which crimes the three boys were
proved to have been implicated.
They were taken to the reformatory
by Sheriff Jones.

URGES CO-OPERATION IN FIGHTING "FLU"

Governor Goodrich Issues Proclama-
tion Calling on Citizens to
Aid Officials.

WANTS LOCAL COMMITTEES

(By United Press.)

Indianapolis, Ind., Nov. 23.—Gov.
Goodrich in a proclamation today
urged that all relief organizations
and committees of citizens in Indi-
ana co-operate with health authori-
ties in fighting the epidemic.

The proclamation was issued at
the request of the state board of
health which informed the governor
it was no longer possible for the
health authorities to combat the dis-
ease without aid.

If funds are needed to fight the
disease, they will be appropriated
by the legislature, the governor stated.
It was suggested that local com-
mittees be formed in every city,
made of the mayor, chairman of the
Red Cross, the Chamber of Com-
merce and leading organizations of
citizens.

RESTRICTIONS ON BUILDING ARE OFF

County Council of Defense An-
nounces Construction Projects
Are on Pre-War Basis

BUSINESS TO BE BENEFITED

Restrictions on construction pro-
jects of every kind and description
in Indiana have been removed, by
the federal war industries board at
Washington, according to a brief
statement from M. E. Foley, chair-
man of the state council of defense,
which was received here today by T.
M. Green, chairman of the county
council of defense.

Several days ago, which was
shortly after the armistice had been
signed, the war industries board
modified the restrictions surround-
ing building to such an extent that
construction projects were not
greatly hindered, but today's order,
which becomes effective at once,
places all building on a pre-war
basis.

"Business ought to be substan-
tially benefited," says the state-
ment from Chairman Foley, "as a
result of this act on the part of the
government. Hereafter every class
of construction work in your county
may proceed without any permit
from any state or national body."

al assembly has fled and a provis-
ional government has been estab-
lished by the captors.

PLEGGED TO AID IN NEW PROBLEMS

County Teachers, in Annual Session
Here Today, Adopt Resolutions
Promising Best Efforts

NEW OFFICERS ARE ELECTED

Addresses Are Delivered by Pres.
Rigdon of Danville Normal and
Z. M. Smith of Purdue.

Resolutions adopted at the an-
nual meeting of the Rush County
Teachers association today at the
Graham high school building pledge
the teachers to assist in after-the-
war problems; to give pupils their
very best efforts on account of the
time lost due to the epidemic; extend
greetings to teachers and pupils of
the county who are in their coun-
try's service, and placed the assoc-
iation on record as favoring the
creation of a position in the cabinet
for a secretary of education.

Before the noon adjournment, the
resolutions were adopted without a
change as presented by the commit-
tee—Supt. J. H. Scholl and Miss
Georgia Morris of this city, and
Supt. Eugene Butler of Carthage,
and new officers were elected for
the coming year.

W. E. Wagoner, principal of the
Milroy school, was elected presi-
dent, succeeding A. M. Taylor, local
high school principal; Mrs. Mar-
garet Morton, New Salem teacher,
was elected vice-president, and Miss
Edith Hogsett, teacher at the Webb
school in Rushville township, secre-
tary. John Moore of the Circleville
school was named treasurer.

Edw. Scholl was elected chairman
of the executive committee, suc-
ceeding Mr. Wagoner and Supt. C. C.
Updike, Manilla principal, and Supt. Butler
were the other two members chosen.

M. E. Foley, chairman of the
state council of defense, was to
make the principal address of the
session this afternoon, on the sub-
ject, "Indiana in the War," and
Jonathan Rigdon, president of the
Danville state normal school, was
also to speak.

Pres. Rigdon also lectured this
morning, his subject, "The Attitude
of the Learner," being largely tech-
nical and dealing with matters of
interest to the teaching profession.
He made the three points, that the
attitude of the learner should be
open-minded, sympathetic and at-
tentive.

Prof. Z. M. Smith of Purdue uni-
versity, member of the state board
of education and leader of club
work in the state, spoke this morn-
ing on the teaching of agriculture in
the schools, dwelling upon some of
the difficulties which would confront
the teachers.

The resolutions adopted read as
follows:

The teachers of Rush county
meeting in their annual session, set
forth the following declaration as
their view upon the following ques-
tions:—

1.—A vote of thanks is hereby ex-
tended to the officers of the Assoc-
iation, the instructors, and to the
Rushville High School Girls' Glee
Club for their excellent work in
making this session profitable and
interesting to all. Also a vote of
thanks is extended to Miss Nettie
Clark and her pupils for the
Thanksgiving day exercise given be-
fore the association.

2.—The teachers of Rush county
have taken an active part in all
kinds of work needed in settling up
the war claims and to the study
with the pupils the peace negotia-
tions as they are worked out by the
nations of the world which are seek-
ing to make this world a better
world for all mankind.

3.—The teachers hereby place
themselves on record as favoring
the bill now before Congress of the
United States, which seeks to create
a cabinet position for a secretary of
education on a par with other as-
sistant secretaries.

A. L. GARY HEADS RED CROSS DRIVE

Is Elected Chairman of Membership
Campaign and of Executive
Board Friday Evening

ROLL CALL WEEK DEC. 16-23

Dr. Arthur J. Francis, Who Was in
Europe, Will Give Illustrated
Lecture Friday Evening

Ministers Asked to Help
Ministers of all churches in
Rush county are requested to
announce at their Sunday
morning services, the meeting
to be held in the Graham An-
nex auditorium Friday evening
November 29th at 7:30 o'clock
in the interests of the Rush
county chapter of the Red
Cross.

The speaker will be Dr. Ar-
thur J. Francis who recently
returned from Europe where he
witnessed the works of the
American Red Cross in the
war zone. The address will be
illustrated with moving pic-
tures of actual war scenes.

The executive board of the Rush
county chapter of the Red Cross,
elected at the annual meeting on last
Wednesday, met in the public library
Friday evening, for the purpose of
electing a chairman, and to make
arrangements for the county mem-
bership drive, during the week of
December 16-23.

A. L. Gary was elected chairman
of the executive board, and also
chairman of the membership drive,
detailed plans for which were dis-
cussed at the meeting. The quota
fixed by the National Red Cross for
the membership campaign this year
is sixty per cent of the population,
which will secure a total mem-
bership in the United States of 60,000,
000.

The wonderful work of the Red
Cross at home and abroad, since the
beginning of the war, should insure
an increased membership in the or-
ganization. The membership of the
local chapter now equals about
forty-seven percent of the popula-
tion of the county. In some of the
townships seventy percent or more
belong to the Red Cross, while in
others it is as low as twenty per-
cent.

In the Christmas membership
drive in December 1917, Rush coun-
ty was the second highest in the
state in point of membership in pro-
portion to the population, and in
the campaign this year, it is the
purpose of the officers of the chap-
ter, and those in charge of the
drive, to head the list of Indiana
counties, the goal set being seventy-
five percent of the population.

At the meeting of the executive
board plans were made for the first
meeting in the interests of the De-
cember membership drive, which will
be held at the Graham Annex audi-
torium at 7:30 o'clock, on Friday
evening November 29. The speaker
on that occasion will be Dr. Arthur
J. Francis, who has spent several
months in Europe and actually saw
what was accomplished by the
greatest of all relief organizations,
is coming here for the purpose of
arousing interest in the membership
campaign which will be conducted
during Roll Call week in December,
when the local chapter, expects to
enlist at least sixty percent of the
population of Rush county as mem-
bers.

There will be no admittance
charge and no contribution will be
asked for at the meeting.

Motion pictures, in three reels,
will be used by Dr. Francis in help-
ing visualize the Red Cross
message he delivers. Many of the
pictures were taken in France and
under fire, amid scenes Dr. Francis
himself has witnessed. Impressed

STATISTICS DEAL WITH FIRST DRAFT

Facts Concerning Operation of Se-
lective Service Law Are Con-
tained in Report

COVER THREE REGISTRATIONS

With Receipt of 146 Rulings From
District Board, Final Classi-
fication Cards Are Mailed

A total of 263 military registrants
of the class of June 5, 1917 were
ordered to report for entrainment
and 216 of the number were accept-
ed at mobilization camps or canton-
ments, according to the exhaustive
statistical report prepared by the
county army selection board, which
also includes facts appertaining to
the registrants of June 5 and Aug-
ust 24, 1918.

A similar report is now being
compiled to cover the operations of
the selective draft law with respect
to the registrants of September 12
last, which has to be completed by
December 10, when the records on
the draft in Rush county will be
sealed, subject to further orders
from the governor of the state or
the provost marshal general.

Whereas there were 1,471 regis-
trants on June 5, 1917, of which 1,
446 were white and 25 colored, there
were only 147 registrants on June
5 and August 24. Of this number
38 were ordered to report for en-
trainment and only 33 were accept-
ed, the difference of five being the
number which were rejected by the
camp commanders as physically dis-
qualified. A total of 91 of the first
class of registrants were rejected at
camp.

After the receipt yesterday of
rulings in 146 cases by the district
board yesterday, the local board be-
gan mailing out final classification
cards to registrants. All those be-
tween the ages of 19 and 36, inclu-
sive, and those who were 18 years of
age September 12, will receive final
classification cards, with the excep-
tion of class one men in the latter
group who have not been examined.
Only a few cases are yet to be ruled
on by the district board.

The following statistics deal with
the physical examinations and the
entrainment of registrants of June
5, 1917:

Cancelled after Dec. 15, 1917
(death) 9; ordered to report for en-
trainment, 263; accepted at camp
216; rejected or discharged at camp
21; reported delinquents 5; failed

PERUNA

Made Me a Well Woman

No sufferer from catarrh of the stomach can read Mrs. Van Buren's letter without a feeling of thankfulness.

For Years Did Not Know a Well Day

"I have spent a great deal of money with doctors for catarrh of the stomach and at times have been compelled to give up my housework for days. For years I did not know what a well day was and cannot help but feel that I would not be alive today had I not been induced to try Peruna. The action of Peruna made me a well woman."

Farmers Lack Confidence in Government's Ability to Maintain Them and Grain Market

CAUSE OF LARGE HOG SUPPLY

County Agricultural Agent Says There Has Been Big Increase in Hog Production

"The large supply of hogs at the markets seems to be due largely to a lack of confidence in the government's ability to maintain the price," according to Marion Detrick, county agent. "There has been, of course, a large increase in the hog production in response to the government's request for more pork. The corn belt farmers have felt that though they could not all do military duty, they could 'go to the front' in the production of foodstuffs, and they made good. Now that the war is over, there is a tendency to relax. This coupled with the lack of confidence in the market and the large supply of hogs, has caused the congested condition in the market."

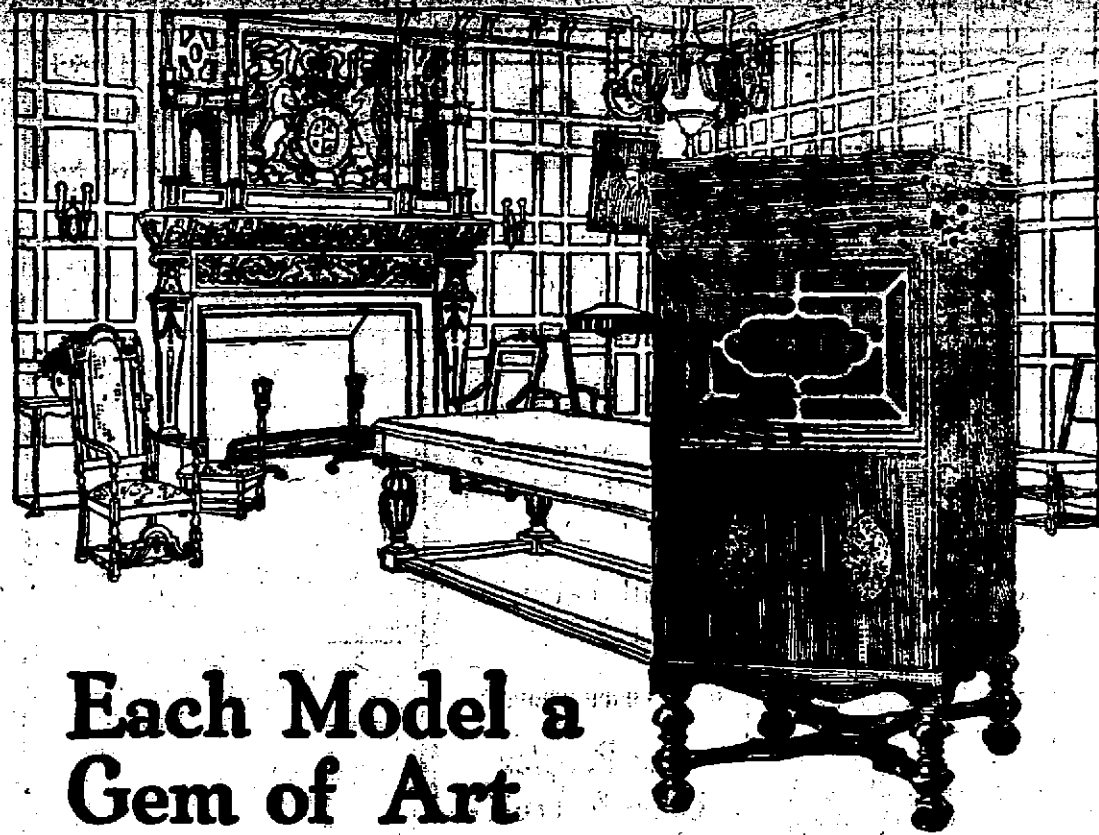

"Will the price be maintained? No one can say for sure; but this we know, if Hoover is properly informed, new markets have been opened by the close of the war."

"There will be wheat enough only by reasonable economy of consumption."

"There is a shortage of 3,000,000 tons of high protein dairy feed."

"Pork, dairy products and vegetable oils are three billion pounds short, but there will be sufficient sugar for normal consumption if other nations continue their present short rations."

"If this statement is correct, and it is the best source of information that we have, then there is a shortage of foodstuffs, and especially pork and fats, and pork prices are very likely to remain high. Hoover says: 'We will be in position to furnish a total of about 20,000,000

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. To Keep Wages High

The declaration by Samuel Gompers that organized labor will resist to the uttermost any attempt to reduce war-time wages or lengthen hours of labor is one that will be read with interest by all the people of the country, as also will any statement he has to make as to the means by which the present high wages and short hours are to be maintained. To the extent that maintenance of high standards of wages and of conditions of labor are possible, Mr. Gompers will have the cooperation of the Republicans of the country. The Republican party has always endeavored to maintain an economic policy which makes possible the payment of the highest wages, and the observance of the shortest hours, and we believe the records will show that in time of peace American labor has been better paid under Republican policies than under those imposed by the Democratic party. It is, perhaps true that, on an average, hours of labor have been shortest under a Democratic administration, for in 1913-14 millions of American working men found their hours of labor cut to nothing at all.

Heroes never wear plaid hats.

Love, like an automobile, needs two brakes.

Feed the hungry man first, and ask his pedigree later on.

Pick for a wife the woman whose complexion is the work of God and not of a paint brush.

If there is any better remedy for sickness than behaving yourself, I do not know what it is.

No matter which path you take—whether osteopath, homeopath or allopath—it leads but to the grave.

Having made his declaration regarding continued high wages and short hours, Mr. Gompers should explain specifically how he expects to secure and preserve a market for the product of high wages and short hours in competition with the product of low wages and long hours from Europe and Asia. Republicans hope to maintain the home market for American producers. They hope that we shall be able to sell our surplus in the markets we have gained during the war. We hope to accomplish this through a protective tariff which will build up our home production to such a high quantitative basis that our unit cost of production will be low, thus enabling us to sell the surplus in competition with all the rest of the world. That is a specific statement of the methods by which Republicans would maintain high wages and short hours for American labor. Now will Mr. Gompers state specifically his plan for enabling American labor to market its products in competition with the rest of the world, for we must have a market for our products or we can have no satisfactory standard of wages and conditions of labor.

To Fight Disease

Three members of President Wilson's cabinet, the secretary of the treasury, the secretary of war and the secretary of the navy have, since the declaration of an armistice, come forward with appeals to the American public to back up the fight for civil efficiency being conducted by Surgeon General Rupert Blue of the U. S. Public Health Service.

With the gradual reduction of activity on the part of the food and the fuel administrations, the committee on public information and other bureaus that were necessary to the conduct of the war, the U. S. public health service becomes one of the most important governmental activities remaining. This is especially true in face of the vast amount of work that is to be accomplished in preparing the country for the return home of America's vast army.

Secretary of the Treasury McAdoo has appealed to all civil authorities to help make their communities safe. Secretary of War Newton D. Baker has sent a telegram to

LIFE NOW WORTH LIVING

Miss Lady Says Cardui Wrought Great Change in Her Health.

Paris, Ill.—Miss Lydia Arbogast, of this place, writes: "When I was 16 years old... I was small, very small for my age. I had a bad color—had the sick headache all the time. Just dragging through school... I didn't feel like going to school and my mother and I were worried about myself, for I felt I couldn't stand that condition longer. Hardly cared to live.

After taking a few bottles of Cardui, I saw a great change in my health... my color fine and I began to grow... I got well and strong. I was a different girl and have been ever since. I give Cardui all the praise, and had there not been a change in me when I first began Cardui, I wouldn't have lived... The headache gradually disappeared as my health was built up and the became worth living."

the governors of all the states urging their co-operation and Secretary of the Navy, Josephus Daniels, gave out the following statement:

"One of the compensations for the tragedy of war is the fact that an enlightened opinion is behind the organized campaign to protect the youth against venereal disease. It is worse than cancer, more deadly than tuberculosis, more loathsome than cholera. The campaign begun in war to insure the military fitness of men in fighting is quite as necessary to save men for civil efficiency. The national government, under authority of Congress is undertaking this task in co-operation with the State authorities. The full co-operation and sympathetic working together of local, state and federal agencies, backed by sound public sentiment, are needed in this holy campaign for that cleanness of living which alone insures clear thinking and physical excellence.

To Set Another Record

The foreign trade of the United States in the year which ends with next month, the calendar year 1918—seems likely to make another "high record". A compilation by The National City Bank of New York, estimating the trade of the full year based upon the figures thus far available puts the total imports at approximately \$3,100,000,000, and the total exports at approximately \$6,200,000,000, thus estimating the year's total trade at approximately 9,300,000,000 against \$9,183,000,000 in 1917 the former high record year. The excess of exports over imports will approximate \$3,000,000,000 and the aggregate excess of exports over imports for the 43 years of war will exceed \$11,000,000,000 or more than that of the forty years preceding the war.

The War Lords in their shining armor have had their brief and bloody day. It is followed by the days of the Lord of Peace.

PUBLIC WORKS IS URGED

Washington, Nov. 23.—To provide work for men being released from war industries, the mayors of the principal cities of the country have been asked by the war labor policies board to make arrangements for starting as many public work projects as possible.

PHONE RESTRICTIONS OFF.

Washington, November 23.—Restrictions on the placing of new telephones and extension of existing telephone lines, which were limited on August 15 to such new appliances as would be helpful in the prosecution of the war, were withdrawn today by Postmaster-General Burleson.

Trained Nurse Tells of Treatment For Influenza.

Gentlemen:—For the benefit of thousands who are suffering with La Grippe or Influenza I feel it my duty to tell others about your wonderful remedy Hull's Superlative Compound. It was through this remedy that I became interested in medicine and nursing and 17 years ago entered the City Hospital at Indianapolis, Ind., from which I graduated and became a registered nurse of Indiana. I believe Hull's Superlative to be the most efficient all around Family Medicine on the market, as it has never failed in families to whom I have recommended it, to break up Colds, La Grippe, Tonsillitis, Influenza, Bilious fever, acute indigestion, and I find it also to be a splendid blood builder. Every family in the country now especially needs Hull's superlative for by having this remedy in the home and beginning to take it on the first symptoms of chills it will ward off the severest part of the disease. I received the best results for influenza by taking one-third teaspoonful every two hours for five doses, following with from 1 to 2 tablespoonful of castor oil or epsom salts, then continuing the medicine by taking from 6 to 10 drops 3 times a day. The patient goes into a heavy perspiration and should be kept under cover not allowing the draft to reach them, although plenty of fresh air in the room. I must say I never thought I would relish the idea of having my name used for advertising but I feel it my duty in this crisis of the dreadful disease influenza, which is proving so fatal to so many, to recommend it to others for their help. Wish I could tell thousands of mothers of the merit of this wonderful medicine.

Yours very sincerely,

MRS. J. H. DIXON, R. N.
401 Middle St., Dayton, O.

Hull's Superlative is a root and bark remedy, rich in Peruvian Bark, fever breaker, Golden Seal the greatest known vegetable antiseptic and other ingredients as good as those mentioned. Hundreds testify to great good received. Be sure and keep it in the house. LaGrippe comes almost at once without warning. Ther is when you need Hull's Superlative.

with Red Cross activities he saw in the hospitals and canteens, Dr. Francis, with the aid of the motion pictures, will be able to produce a lasting recollection of the meaning of Red Cross service.

The address of Dr. Francis and the display of the motion pictures he carries with him will be an inspiration to Red Cross workers and an encouragement to those not already enrolled as members of the organization to add their names to the list.

REPORTED MISSING

Wilbur Cross, formerly of Carthage, who enlisted with a machine gun company of the 26th Infantry in Indianapolis, has been reported in a casualty list as missing in action. According to a telegram received by his brother, Clifford Cross of Knightstown, he was reported missing on October 3. Relatives, however, received a letter from him dated October 7, saying he was in a hospital.

CITED FOR BRAVERY

Lieutenant John Ale, of Muncie, brother of Glen Ale, proprietor of the Carthage bakery as described by Gen. John J. Pershing, and has been given the Distinguished Service Cross and Oak Leaf for extraordinary conduct in battle.

Does Your Food Kick Back?

Thousands upon thousands are taking Pepsinco, the marvel of the 20th century, because they could not eat a meal without distress, pain and a disagreeable bloating.

Today they are better, able to eat what they want, and when they want. They took Pepsinco.

Do you feel bad after eating. Take Pepsinco. They will aid digestion. No pain, distress. It's like living life over again when you take Pepsinco. The absence of pain and sourness makes you contented and happy.

Mr. R. said Pepsinco saved his life simply because he did not dare eat things good for him and he was slowly starving to death. Pepsinco helped him.

All druggists sell and recommend Pepsinco.

15 EGGS A DAY FROM 23 HENS, IN WINTER

Winter, Until He Tried This Plan.
Mr. Duni's Hens Hadn't Laid All

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung last January in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that Don Sung pays for itself and pays you a good profit besides, simply tell us and your money will be refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger, and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be promptly refunded. Call at our store today for a 50c or \$1.00 package.

FOR LUMBAGO
Try Musterole. See How
Quickly It Relieves
You just rub Musterole in briskly, and
usually the pain is gone—a delicious,
soothing comfort comes to take its place.
Musterole is a clean, white ointment,
made with oil of mustard. Use it instead
of mustard plaster. Will not blister.
Many doctors and nurses use Musterole
and recommend it to their patients.
They will gladly tell you what relief it
gives from sore throat, bronchitis, croup,
stiff neck, asthma, neuralgia, congestion,
pleurisy, rheumatism, lumbago, pains and
aches of the back or joints, sprains, sore
muscles, bruises, chilblains, frostbitten feet,
colds of the chest (it often prevents
pneumonia). Always dependable.
30 and 60c jars; hospital size \$2.50.

The Biggest Money-Maker on the Farm
Every good farmer MUST have a plow, a cultivator or a
wagon and some other things. He cannot raise a crop without
a plow, but he can raise a crop, such as it is, without a manure
spreader.
All farmers buy plows, cultivators and wagons because they
have to, just as the small boy goes to school because he is com-
pelled to.
When a boy grows big so he knows the value of schooling,
he goes because he wants to. When a farmer grows big to know
the value of a manure spreader and how many more bushels it
will make each of his acres produce, he buys it, not because he
is compelled to, but because he knows it is the best money-maker
he can put on his farm.
If our country demands more food, if we must feed besides
the people of our own United States, many of the peoples of the
belligerent countries, our duty is plain—we must make every
acre produce to its limit. There is no machine that will increase
the otherwise normal output of any acre of ground as much as
the manure spreader. There is no machine made today that will
INCREASE the food production of this country as will the
spreader. There is no manure spreader made that will come nearer
the ideal or perfect machine than the RUSHVILLE SPECIAL
Spreader you will find on our sample floor. Come in and see it.

Miss Frances Frazee was greatly surprised last evening when the members of the Epworth League cabinet and their families came for a pitch-in oyster stew. The guests for the occasion were Mr. and Mrs. J. F. Miller and their daughter Olive Marie, the Rev. and Mrs. Clyde S. Black, Mr. and Mrs. George Wiltse, Mr. and Mrs. Oscar Eden, Miss Marjorie Smith, Mrs. Norma Hogsett, Miss Alleine Budd and Ralph Plessinger. During the business meeting many plans were discussed and the members decided to send linens, canned goods or anything of use to the Methodist hospital on December 15. The next meeting will be held December 11 at the home of Miss Alleine Budd in North Harrison street.

A full attendance is desired of the members of the Ladies' Aid society of the St. Paul's M. E. church to sew at the Red Cross rooms Monday afternoon. The all day meeting, which was set for that day, has been postponed for two weeks.

Mrs. Charles Frazee entertained the members of the 500 club yesterday afternoon. A very enjoyable afternoon was spent over the tables.

The members of the Loyal Daughter's French class of the Christian church will meet Monday evening in the parlors of the church with Mrs. Albert Allen as the instructor.

Mrs. Albert Allen will entertain the S. E. T. club Tuesday afternoon.

At the home of Ervin Long, near Orange, last evening a surprise pitch-in-dinner was served. There were about thirty-five guests present, who spent the evening with music and in playing games.

Mr. and Mrs. Walter Frazee entertained last evening with a pitch-in-dinner. The spacious rooms were beautifully adorned with chrys-

themums and a basket made of a pumpkin and filled with fruit formed the centerpiece for the dining room table, where the dinner was served. Covers were laid for the following guests: Mr. and Mrs. John Morris and family, Mr. and Mrs. Frank Reynolds, Mr. and Mrs. J. H. Frazee, Mr. and Mrs. Ezra Hinkle and Miss Rue Whitton.

Amusements

Alice Joyce Here Tonight.
Alice Joyce will be shown in "The Highest Bidder," tonight at the Princess theatre, a story that will hold the audience spell-bound. An extra addition is Charles Murray in "Love Loops The Loop". Monday Alice Brady comes in a story of dance and song, of sorrow and tears, with an ending that thrills, "The Death Dance." William S. Heart is shown Tuesday in "Blue Blazes Rawden".

Chaplin at The Mystic
Charlie Chaplin will be at the Mystic theater tonight in "Work," a characteristic Chaplin comedy. There will also be another comic picture, "Tad's Swimming Hole," and a drama full of "pep," "Law and Order."

OUR RATES

All Advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. The same ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.

QUARANTINED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

OLD-TIME COLD CURE-DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson - out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops swelling, lumbago, backache, neuralgia, sciatica, etc. Get a 50 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pain, aches and stiffness. Don't suffer! Rub rheumatism away.

TO SEEK FREEDOM OF SCHLESWIG-HOLSTEIN

President Wilson Will Make Demand
at Peace Table, He Tells Americans of Danish Descent

MAY POSTPONE TRIP ABROAD

(By United Press.)

Washington, Nov. 23.—Freedom for Schleswig-Holstein, wrested from Denmark by Germany in 1890 will be one of the specific demands of President Wilson at the peace table. The president's position was outlined in a letter made public today, replying to a petition recently presented by American citizens of Danish descent.

"I can assure you that your appeal to America's sympathy and passion for justice, will not go unheeded for it founded itself wisely upon the right of men to rule themselves and to choose the manner in which self-rule shall be exercised," wrote the president.

"Not America alone, but all the peoples now quickened to a newer sense of the values of justice, must join in the relief of a grievance whose continuance would pervert the principles for which more than a score of nations are fighting."

There was some talk today about the possibility of the president giving up his trip to Europe as the result of Secretary McAdoo's resignation from the treasury and the railroad directorship.

HOPES FOR A PLACE IN SUN

Japan Expects Large Concessions at
World's Peace Conference.

(By United Press.)

Washington, Nov. 23.—Japan hopes for a big place in the sun as the result of the world peace conference, according to diplomats today.

The mikado, it is believed, plans not only to seek retention of Kiau Chau and other German island possession in the Pacific, now under the Japanese flag, but also expects world recognition of special trade and economic privileges in China and Siberia.

MOONEY PROTEST MEETING

Terre Haute, Ind., Nov. 23.—Organized labor here, through the Central Labor Union, is planning a big meeting here to protest against the hanging of Thomas Mooney, of California, for alleged connections with bomb outrages in San Francisco.

SICK COMING HOME SOON

(By United Press.)

Tours, Nov. 23.—All sick, wounded and convalescent soldiers of the American expeditionary forces will be in the United States within two months. The number of hospitals has been considerably reduced already by the medical corps. In the daily census of hospitals 100,000 vacant beds are reported.

CZECHS FIGHT HUNG

(By United Press.)

Zurich, Nov. 23.—Field Marshal von Mackensen's troops engaged in a battle with Czech soldiers Sunday, according to reports received here. The Czechs insisted on disarming the Germans who were retreating to Pressburg. The Czechs then tore up the railway, preventing von Mackensen's further movement.

PLEGDED TO AID IN NEW PROBLEMS

Continued from Page One
tional departments of our government.

4.—On account of the time lost on account of the late epidemic the teachers of the county are willing to make extra efforts to give to the pupils of the schools the benefit of their very best efforts to the end that the pupils may not be seriously handicapped in their education.

5.—We wish to express to the family of Harry Mahin our sincerest sympathy. Mr. Mahin was a successful teacher of Rush county and was held in high regard by all who knew him. His entrance into the War Y. M. C. A. work was a sign of the patriotic principles of Mr. Mahin. His death at the Great Lakes Training Station cut short his endeavor to serve our soldier boys. But his earnestness while in the service no doubt will be felt in the life of many boys with whom he worked.

6.—We wish to send our greetings to all the teachers and pupils of the county who have entered the service of the army and navy of the United States in the war which has been brought to a successful close. We are proud of their service whether on battlefield or in army camp. When they return we shall greet them and honor them for their patriotic service.

7.—It is the order of this association that after this session no officers receive any salary for their work.

Don't Invite a Cold or The Grip.

If you feel "stuffed up," bloated, bilious, languid or have sick headache, sour stomach, coated tongue, bad breath or other conditions caused by slowed up digestion, a Foley Cathartic Tablet will give prompt relief. Try this gentle, wholesome thoroughly pleasing physic that leaves no bad after effects. They keep the stomach sweet, the liver active, and the bowels regular. Stout persons say the light, free, buoyant feeling they bring is most welcome and delightful. F. B. Johnson.
